

Bloomingtondale has always been known for its academic excellence. However, opportunities to enhance student instruction exist. We want to ensure they are limited only by their teacher's imagination, not lack of funding. The Bloomingtondale High School Academic Foundation was established to address the needs of teachers and their classrooms to provide elite academic instruction. All money raised goes directly to the classrooms. Teachers apply for grants through the foundation, and the money goes straight to the needs of their classroom.
